Education

- Oct 2012 – Mar 2016 **University of Liverpool, UK**
PhD in Ecology
- Oct 2011 – Sep 2012 **Imperial College London, UK**
MRes Entomology *Distinction*
- Oct 2008 – Jun 2011 **Lady Margaret Hall, University of Oxford, UK**
BA (Hons) Biological Sciences *1st Class*
- Sep 2001 – Jun 2008 **Whitchurch High School, Cardiff, UK**
A-levels: AAA

Appointments

- Oct 2018 – present **University of Pretoria, South Africa**
Dept. of Zoology and Entomology
Extraordinary Lecturer
- May 2018 – present **University of Liverpool, UK**
School of Environmental Sciences
Leverhulme Early Career Research Fellow
- Aug 2016 – Apr 2018 **University of Pretoria, South Africa**
Centre for Invasion Biology, Dept. of Zoology and Entomology
Vice-Chancellor's Postdoctoral Research Fellow

Grants

2020	British Ecological Society Large Grant (£20,000)
2020	National Research Foundation (South Africa) Incentive Funding (50,000 ZAR / £2,350)
2019	Royal Entomological Society Goodman Award (£2,700, grant to build outreach)
2018	Early Career Researcher Fund, University of Liverpool (£2,000)
2017	Leverhulme Early Career Research Fellowship (£126,000)
2017	Claude Leon Foundation Postdoctoral Fellowship (550,000 ZAR / £25,800; declined)
2016	University of Pretoria Vice-Chancellor's Fellowship (440,000 ZAR / £20,675)
2014	International Union for the Study of Social Insects Travel Grant (£1,300)
2013-15	NERC Life Sciences Mass Spectrometry Support Fund (£7,000)
2012-16	NERC PhD studentship (£50,200)
2011	Grundy Educational Trust Scholarship for MRes (£3,000)
2009	Lady Margaret Hall, University of Oxford, Heron-Allen Travel Scholarship (£500)

Awards

2019	National Research Foundation (South Africa) Rated Scientist: Y (young) category
2018	Best paper in <i>Ecological Entomology</i> during 2016/2017
2017	Publons Top Reviewer for Agricultural and Biological Sciences
2012	Imperial College Silwood Park Poster Competition: 1 st Place

Student Supervision and Co-supervision

* as lead supervisor.

Note: in South Africa, Hons is a separate degree, comparable in standard and workload to a UK MSc.

Hons

2020 – present	Jabulile Mzizi, University of Pretoria
2019 – present	Olive Summerfield, University of Liverpool (manuscript in prep.)
2019	*Eileen Engelbrecht, University of Pretoria (manuscript in prep.)
2017	*Clara Gaudard, University of Pretoria (Distinction, published paper).
2016	Greg de Jong, University of Pretoria
2013 – 2014	Sophie Schofield, University of Liverpool.

MSc

2016 – 2017	Sarah Newman, University of Pretoria (Distinction, manuscript in prep.).
2014 – 2015	*Sophie Schofield, University of Liverpool (published paper)

PhD

2018 – 2020

Chaim Lasmar, Universidade Federal de Lavras.

(I was invited to be a member of the supervisory team half-way through Dr Lasmar's PhD due to my expertise in macroecological analyses. One manuscript in review, one in prep.)

Teaching Experience

University of Liverpool

2019

MSc Rewilding and Land Management (10 students)

Field course and classroom teaching in the Cairngorms, Scotland. I co-led the field course with one other staff member. Course involved visiting landowners, conservation NGOs and the National Park Authority to understand issues around rewilding, as well as data collection (questionnaires, vegetation plots, habitat variable measurement) and data analysis. Assessed student presentations and written work.

2015, 2016, 2019

1st year Ecological Sampling and Field Techniques (~50 students)

Field course and classroom teaching at Dale Fort, Wales. I assisted in 2015 and 2016, and I led the terrestrial invertebrate component in 2019. This involved lecturing, teaching sampling techniques in the field, and invertebrate identification in the lab. I was due to lead this component again in 2020 but the course was cancelled.

2015-2016

1st to 3rd year Statistics for Biologists and Environmental Scientists (~150 students)

Teaching assistant for general courses in statistics and data analysis in *Minitab*.

University of Pretoria

2015-2019

3rd year Conservation Ecology / Community Ecology (~50 students)

Field course to the Maloti-Drakensberg Mountains. I assisted in 2015 and co-led the course with one other member of staff from 2016 onwards. This involved lecturing, teaching sampling techniques in the field, and invertebrate identification in the lab. The residential and remote nature of the course requires a large amount of health and safety planning and administration – particularly as the field site crosses an international border (South Africa and Lesotho) and 4x4 driving skills are required. Assessed student presentations and written work, advised on use of *R*.

2018-2019

3rd year Insect Diversity (~30 students)

Lectured on ant diversity, systematics, and ecology. Set exam questions.

External

2019

Royal Society-DFID Ant Taxonomy and Ecology Training Course in Ghana (20 students)

Residential skills course for postgraduates on ant diversity, systematics, sampling techniques, curation techniques, and data analysis. I was one of three teaching staff. Involved lecturing, supervising lab practical's and field work.

2018

Royal Society-DFID Ant Taxonomy and Ecology Training Course in South Africa (25 students)

As above. I was one of three teaching staff.

Public Speaking

Invited Talks

- Jul 2021 **ICE 2021, Helsinki, Finland**
Invited to speak. Symposium “Physiological Responses to Environmental Stress”
(Initial invite for 2020, rescheduled due to COVID-19)
- Jul 2014 **Departmental Seminar, University of Queensland, Australia**
“Taxonomic and functional beta diversity of montane ant communities”
- Mar 2014 **Departmental Seminar, University of Pretoria, South Africa**
“Diversity through space and time: ants of the Maloti-Drakensberg mountains, southern Africa”

Selected Conference Talks

- Dec 2019 **International Union for the Study of Social Insects, North West Section Annual Meeting**
“What is the shape of an ant?”
- Jul 2019 **British Ecological Society Macroecology SIG Meeting, University of Exeter, UK**
“The scaling and sharing of ant global trait diversity”
- Dec 2018 **Annual Meeting of the British Ecological Society, Birmingham, UK**
“The scaling and sharing of ant global trait diversity”
- Jul 2017 **ZSSA/ESSA Joint Congress, Pretoria, South Africa**
“Life on the Dragon's Back: The cold, not the heat, limits the distribution and behaviour of montane ants”
- Dec 2015 **Annual Meeting of the British Ecological Society, Edinburgh, UK**
“Global variation in ant colour is controlled by temperature and body size”
- Jun 2015 **EU Macroecology Meeting, University of Copenhagen, Denmark**
“The colour of ants”
- Jul 2014 **International Union for the Study of Social Insects, Cairns, Australia**
“Taxonomic and functional beta diversity of montane ant communities”
- Aug 2013 **11th INTECOL Congress, London, UK**
“Community and functional structure across an elevation gradient: ant assemblages in the Drakensberg Mountains, South Africa”
- Jul 2012 **Royal Entomological Society Annual Meeting, Cambridge, UK**
“The utility of distribution data in predicting insect phenology”

Scientific Service

- 2020-present **British Ecological Society Peer Review College**
Required service following successful Large Grant application.
- 2019-present **British Ecological Society Macro SIG Group Annual Meeting Organiser**
Sole local organiser in Liverpool (~80 delegates, postponed due to COVID-19).
- 2018-present **British Ecological Society Macro SIG Committee Member**
- 2018-present **Journal of Biogeography Editorial Review Board**
A board of trusted reviewers for the journal.
- 2018 **Ecology and Marine Biology Seminar Series Co-organiser**
University of Liverpool

2017

**Zoological Society of Southern Africa/Entomological Society of Southern Africa
2017, Pretoria. Symposium Co-organiser
“Social Insects in Africa”**
